Dr. Haynes,

Please send all of your Part 16 filings to the email address 9-AWA-AGC-Part-16@faa.gov or mail them to FAA, Office of the Chief Counsel, Attn: Part 16 Docket, 800 Independence Ave., SW, Washington, DC 20591. We are not considered legally served with documents unless they come one of those two ways. You apparently emailed your complaint to the Whistleblower Protection Program Coordinator in another office. Thank you.

Attention: FAA Part 16 Airport Proceedings Docket
AGC-610

Federal Aviation Administration
800 Independence Ave., SW
Washington DC 20591

Subject: Filing of a new complaint against Colorado Air and Spaceport

Please note that per both Title 14 part 16 and Title VI of the Civil Rights Act of 1964 ("Title VI") Discrimination on the basis of race, color, or national origin by airport sponsors as prohibited under Grant Assurance 30, Civil Rights, as well as and related civil rights requirements I am filing a new complaint and a package,

as sent to you on March 25th 2022 in accordance with 14 CFR § 16.23 against the Colorado Air and Spaceport on the actions of harming, directly and substantially affected, and illegally evicting me as a business based at the spaceport and illegally locking me out for months from my storage unit, and attempting to throw out all my property, which directly and substantially served to affected me as a tannate of the spaceport in sharp contrast to the rules of Title 14 part 16 and Title VI of the Civil Rights Act of 1964 ("Title VI") Discrimination on the basis of race, color, or national origin by airport sponsors as prohibited under Grant Assurance 30, Civil Rights.

Please not that I urgently need a letter from you proving that you all have higher jurisdiction over this conflict of interest between my business and the air/spaceport today /ASAP. Since I was/ am being directly and substantially affected by the things done or omitted to be done by the respondent(s) In the following verbiage.

I testify and certify that as the complainant I am/was and steal are being directly and substantially affected by the things done or omitted to be done by the respondent(s) Colorado Air and Spaceport administrators of the past such as Mr. Mckinse in 1984, Dennis Heap from 194-2013, Mr. Edd Singer 2014, Mr. Dave Ruppel 2014-2021, and now Mr. Gabriel Rodrigues, 20021, **Mr.** Jeff Kloska, Mr. William Flowers, Ms. Lori Hague, Ms. Laura Hansen, and Mr. Glenn Haskin, as well as the Adams County Government Mr. Jim Siedlecki Deputy County Manager Community Services & Public Involvement Administration office and all five of the Adams County Colorado commissioners as named Eva J. Henry (d1), Charles Chaz, Tedesco (d2), Emma Pinter (d3) Steve O Dorisio (d4), and Lynn Baca (d5).

I testify and certify, pursuant to 14 CFR § 16.23(b), Discrimination on the basis of race, color, or national origin by airport sponsors is prohibited under Grant Assurance 30, Civil Rights, as well as Title VI of the Civil Rights Act of 1964 ("Title VI") and related civil rights requirements. The following statements also contains sufficient facts that are pointed at supporting a Grant Assurance 30, Civil Rights, Title VI violation has occurred, since it clear includes historical evidence of discriminatory intent by CASP and the disparate impacts leveled against me. I also testify/ certify that the Colorado air and spaceport has willfully violated the following agreed obligations (or assurances), to maintain and operate their facilities safely and efficiently and in accordance with the civil right laws under CFR title 14 of business personnel such as Doug Haynes, a black man, specified condition. These obligations require the recipients named Colored air and

spaceport to maintain and operate their facilities safely and efficiently and in accordance with specified conditions as attached to the application or the grant for Federal assistance as part of the final grant offer and or in restrictive covenants to property deeds.

Thank you and as always God bless you and yours.

Attention: FAA Part 16 Airport Proceedings Docket
AGC-610

Federal Aviation Administration
800 Independence Ave., SW
Washington DC 20591

Subject: notice of new complaint and need for confirmation letter

Thank you for your response to one of my two title 14.1 filings and a motion not to stop the evjection / of misconduct and racial discriminations acts toward my business per cfr 14 parts 13 and 16 , as filed back in mid to late February. you response to my original request to open a docket (16-22-03) by stating that

A dismissal without prejudice under 14 CFR § 16.27 allows you an opportunity to correct the deficiencies noted in the Dismissal order, if you so choose. Docket 16-22-03 is closed and the FAA has no further input on the subject complaint. It will be necessary to file new complaint in accordance with 14 CFR § 16.23 if it is your intent to pursue the allegations.

Please not that all sited discrepancy's to my original filing such a assurances references to each violation and a separate certification letter of my attempt to conduct informal mediation session with the spaceport and the addition filing of Discrimination on the basis of race, color, or national origin by airport sponsors as prohibited under Grant Assurance 30, Civil Rights, as well as Title VI of the Civil Rights Act of 1964 ("Title VI") and related civil rights requirements were also clarified / addressed in my third package, as sent to you on March 25th 2022 addressing the corrections you ask for. Pleas not that I have filed new complaint in accordance with 14 CFR § 16.23 against the Colorado air and spaceport. Since I go to a local court hearing tomorrow on the subject of allowing the spaceport to throw out all my property, I urgently need a letter from you proving that you all have higher jurisdiction over this conflict of interest between my business and the air/spaceport today /ASAP. Thank you and as always God bless you and yours.

Attention: FAA Part 16 Airport Proceedings Docket
AGC-610

Federal Aviation Administration 800 Independence Ave., SW Washington DC 20591

Subject: violation filing on both the Colorado Spaceport administrators and the Adams County administrators per Title 14 - Aeronautics and Space, FEDERAL AVIATION ADMINISTRATION, DEPARTMENT OF TRANSPORTATION. Volume: 1 Date: 2014-01-01, Original Date: 2014-01-01 Title: Section Â§ 13.1 - Reports of violations. SUBCHAPTER B - PROCEDURAL RULES. PART 13 and now INVESTIGATIVE AND ENFORCEMENT PROCEDURES via specific applicable Federal grant assurance and statutory provisions against Dr. Doug Haynes of DEHAS Ltd dba Blue Ridge.

Since this complaint needs to contain an attached certification that substantial and reasonably good faith efforts to resolve the disputed matter informally were made pursuant to 14 CFR § 16.21(b), in order to be considered I Dr. Doug Haynes am composing this complaints section in order to certify that substantial and reasonably good faith efforts were made for months in an effort to resolve the disputed matter informally prior to filing this title 14 part 16 complaint have been made and that there appears no reasonable prospect for timely resolution of the dispute. This certification includes the following brief description of the efforts made to obtain informal resolution per 14 CFR § 16.21(c).

I testify and certify that as per CFR 14 part 13 protocols, that prior to filing this formal, title 14 part 16 complaint, I have tried in good faith to communicate with the administrators as located at either the Colorado Air and Spaceport (CASP) or its county authority offices for over two or three months in an effort to peacefully resolve the issue among ourselves. I was trying for months to do such things as letting them know that like all the rest of the white owned business based at the spaceport I want them to finally learn to properly communicate with me, stop all eviction processes, provide me with a promised suitable office space, promote my businesses/ disk shaped ships on their web site too, stop restricting me from taxi ways, test engine runup areas, conducting scheduled flights, and unmanned eVTOL test-flights from my manned spaceships and booster packages, while also compensating me for my financial losses. However they have not only you refused to engage in such efforts with me, but they also opted to ignore the local FAA administrator Mr. Mike Matz, Colorado State Engineer / Compliance Specialist, FAA Denver Airports District Office 26805 E. 68th Ave., Suite 224, Denver, CO 80249, (303) 342-1251, Michael B (FAA)" <michael.b.matz@faa.gov>; efforts to conduct/ mediate, host such communications as per title 14, Part 13, their informal investigation, as properly notified and initiated on my behalf, as per the above cited law / Title 14 part 13 guidelines and therefore it looks like there is no prospect for a timely resolution. Therefore I am forced to elevate this conflict between us into the FAA departments SUBCHAPTER B - PROCEDURAL RULES. PART 16 INVESTIGATIVE AND ENFORCEMENT PROCEDURES conflict resolution timeline protocol hands, so please respect their posted timeline for investigating and resolving

this event and drop your demand for possession of my office 10/30-day warning approach until the FAA has investigated my complaint and made a determination/ruling on its outcome.

I both certify and testify to the above information verbiage as per the photocalls of Title 14 part13 Title 14 part13

Dated this 25th day of March 2022.

RE: REMOVAL OF ABANDONED PROPERTY

On January 31, 2022 you were provided notice of non-renewal of your lease which requested you vacate T-31 #1 and remove all your personal property from the premises by February 28, 2022. Notice also stated that any remaining material will be disposed of at your expense. The lock was changed on March 1st but your personal affects remain in the storage unit. We will consider the property abandoned and will dispose of at your expense it if property if it isn't picked up before end of the month. As a courtesy if you want to retrieve the property, please contact us to make arrangements prior to March 31, 2022.

Sincerely,

Lori Hague

03-31-2022

Subject: Motion for an order a stop all eviction activities, until all investigations and possible appeals per title 14 part 16, are done, in relation to my storage unite T31-1e: I ask this proceedings administrator to order a Stop of the spaceports actions that serve to directly and substantially affected me as a citizen of the US, black/ small businessman based at the Colorado air and spaceport; staring with the removal of the new lock on the door to prevent me for entering my storage space since the first of March, of this year, and secondly the threatening action at the end of the month of clearing out all of my private property as per this Spaceports retaliation action , and letter, as included in this motion to stop package, all done in retaliation of me filing a Title 14 part 13 and 16 violation complaint toward not only the Colorado Spaceport administrators and the Adams County administrators but the 5 Adams County Colorado commissioners as named Eva J. Henry (d1) , Charles Chaz, Tedesco (d2), Emma Pinter (d3) Steve O'Dorisio (d4), and Lynn Baca (d5) as per Title 14 - Aeronautics and Space, FEDERAL AVIATION ADMINISTRATION, DEPARTMENT OF TRANSPORTATION. Volume: 1Date: 2014-01-01, Original Date: 2014-01-01Title: Section Â§ 13.1 – and more.

I regretfully inform you Jeff Kloska, William Flowers, Lori Hague, Laura Hansen, Glenn Haskin acting as administrators and or commissioners of either Colorado Air and Spaceport , and Jim Siedlecki Deputy County Manager Community Services & Public Involvement administrator as well as Eva J. Henry , Charles Chaz, Tedesco, Emma Pinter Steve O'Dorisio , and Lynn Baca of Adams County Government Offices ,and or, commissioners that any further attempt beyond February 28, 2022, to direct or undergo threats or actions to substantially affected / harm me or my storage T31-1e / property, and or, my ability to perform business via the ongoing free and unabated possession of my storage unit, and full access of my sensitive FAA certified airmen training record or airline/ spaceline registration/certification document, as stored in unit T31-1e and other areas, or no ongoing non-admission of my companies decades old existence / contributions at the airport that continual to directly and substantially affected me as a black/ small businessman based at the Colorado air and spaceport will be considered, and or, treated as retaliation related actions, for me filing title 14 violations against the spaceport and will therefore automatically trigger further reports of such events to the FAA of title 14 rules and its regulations on your willful and intentional violations, as now officially reported by me on March 3rd 2022.

Please be advised that Jeff Kloska, William Flowers, Lori Hague, Laura Hansen, and Glenn Haskin acting as administrators of Colorado Air and Spaceport, and Jim Siedlecki Deputy County Manager Community Services & Public Involvement administrators of Adams County Government Offices and Eva J. Henry, Charles Chaz, Tedesco, Emma Pinter Steve O'Dorisio, and Lynn Baca commissioners of Adams County Colorado that Dr. Doug Haynes of the DEHAS Ltd company in Colorado has been forced to file a motion to the original formal title 14 part 16 proceedings for you to stop all ongoing attempts to severely / directly and substantially affected / harm me as per title 14 guidelines as either a minority or a citizen of America, based on recent retaliation based spaceport racial discrimination / other civil rights targeted actions they all have taking toward me, as recent as March 2nd, 2022, January 31st 2022, all of the following month of February 2022, but as far back as 1984.

Since the Rules and guideline found under title 14 specifically bars any airport from engaging in any action that violates the Federal Aviation Act of 1958, as amended, the Hazardous Materials Transportation Act relating to the transportation or shipment by air of hazardous materials, the Airport and Airway Development Act of 1970, the Airport and Airway Improvement Act of 1982, the Airport and Airway Improvement Act of 1982 as amended by the Airport and Airway Safety and Capacity Expansion Act of 1987, or any rule, regulation, or order issued thereunder, should report it to appropriate personnel of any FAA regional or district office. And for (a) Any person who knows of such a violation of the Federal Aviation Act of 1958, as amended, to report it to appropriate personnel of any FAA regional or district office. (b) Each report made under this section, together with any other information the FAA may have that is relevant to the matter reported, will be reviewed by FAA personnel to determine the nature and type of any additional investigation or enforcement action the FAA will take. [Doc. No. 18884, 44 FR 63723, Nov. 5, 1979, as amended by Amdt. 13-17, 53 FR 33783, Aug. 31, 1988] I am forced to file this complaint.

In this filing I, the complainant, state the names and address of each person who is the subject of the complaint and, with respect to each person, the specific provisions of each Act that I, complainant, believes were violated.

I, the complainant, provide a concise but complete statement of the facts relied upon to substantiate each allegation. It should also describe how the complainant was directly and substantially affected by the things done or omitted to be done by the respondent(s) In the following verbiage. I as the complainant was and still are being directly and substantially affected by the things done or omitted to be done by the respondent(s) Colorado Air and Spaceport administrators of the past such as Mr. McKinse in 1984, Dennis Heap from 1994-2013, Mr. Edd Singer 2014, Mr. Dave Ruppel 2014-2021, and now Mr. Gabriel Rodrigues, 2021, Mr. Jeff Kloska, Mr. William Flowers, Ms. Lori Hague, Ms. Laura Hansen, and Mr. Glenn Haskin, as well as the Adams County Government Mr. Jim Siedlecki Deputy County Manager Community Services & Public Involvement Administration office and even Eva J. Henry, Charles Chaz, Tedesco, Emma Pinter Steve O'Dorisio, and Lynn Baca commissioners of Adams County Colorado Your ever-ending, unethical and or illegal actions / violations of my civil rights in the area of racial discrimination / and other civil rights actions as related to such things as

1. Since 1984, and as recent as this year your repeated attempts to not provided me with a suitable office as promised over and over again even though I have been on the waiting list for years but looked over more than once to the benefit of my fellow white business competitors here at the spaceport. As of the first of this month, and despite my notice to cease all action to evict me from my storage space, of March you locked me out and are threatening to throw away all by personal belongings at the end of the month. This is being to me despite my civil rights as protected under title 14 part13 and 16, and in sharp contrast to what they have allowed / or did for my white business competitors / counterpart based here at the Colorado like Air Methods .

As substantiated by both Airport administration records, and numerous FAA title 14 violation based investigation filled by me toward them as recent as 2014 and now 2022, but as far back as 1984.

Short Term / Long term effects: Like in the past, and in sharp contrast to my fellow white business counterparts based here at the spaceport, your repeated attempts to illegally evict me from an unsuitable and almost inhabitable storage space T31-1e or to not provided me with a suitable office as promised over and over again even though I have been on the waiting list for years, has to directly and substantially affected me as a citizen of the US, black/ small businessman based at the Colorado air and spaceport while directly limited my ability to uniquely and successfully establish, grow, and or sustain ither my flight club, flight training center, 1995 FAA certified airline name Blue Ridge Airlines, or my 2006 register FAA AST Spaceline companies named Blue Ridge Nebula Starlines only negatively impacting my FAA certification/ industry/ media reputation, not allowing me to my FAA appointed duty of securing / protecting various airman training / and airline /spaceline registration certification records, but also worked to cost me both mental stress and finical setbacks along the way while slowing down the timing of my both my FAA and AST certification process for decades. Provide me decent office space and pay me for my finical losses.

This additional alleged, willful violations of my civil rights and possible racism motivated events as engaged in for decades by the various past and present administrators of the Colorado Air and Spaceport Like Mr. Mckinse in1984, Dennis Heap from 194-2013, Mr. Edd Singer 2014, Mr. Dave Ruppel 2014-2021, Gabriel Rodrigues, 20021, and now Jeff Kloska, William Flowers, Lori Hague, Laura Hansen, Glenn Haskin of CASP and Jim Siedlecki of Adams County Government Offices or even Eva J. Henry , Charles Chaz, Tedesco, Emma Pinter Steve O'Dorisio , and Lynn Baca commissioners of Adams County Colorado for have served to directly and substantially affected" me and my ability to either conduct my FAA assigned security efforts, but has directly limit my ability to uniquely and successfully establish, grow, and or sustain ither my flight club, flight training center, 1995 FAA certified airline name Blue Ridge Airlines, or my 2006 register FAA AST Spaceline companies named Blue Ridge Nebula Starlines security of documentations thereby not only negatively impacting my industry/ media reputation but also costing me both mental stress and finical setbacks. and as the only minority person on the spaceport since 1986, has clearly a violation of Title 14 - Aeronautics and Space, Volume: 1Date: 2014-01-01Original Date: 2014-01-01Title: Section Â§ 13.1 - Reports of violations.

Context: Title 14 - Aeronautics and Space. CHAPTER I - FEDERAL AVIATION ADMINISTRATION, DEPARTMENT OF TRANSPORTATION. SUBCHAPTER B - PROCEDURAL RULES. PART 13 and 16 INVESTIGATIVE AND ENFORCEMENT PROCEDURES. Subpart A - Investigative Procedures.

I as a black man / person / citizen of America who is "directly and substantially affected" by any alleged noncompliance of a federally funded airport is filing a complaint with the FAA. This is the case since If a person like myself is doing business with an airport and paying fees or rentals to the airport, myself are atomically considered "directly and substantially affected" by alleged revenue diversion or harmful actions enacted by you all. While prior to filing this formal complaint, I have tried in good faith to communicant with the administrators at both the spaceport and county authority levels for over two months now, in an effort to peacefully resolve the issue among ourselves.

I was trying in good faith to let them relies that like all the rest of the white owned business based at the spaceport I want them to finally learn to properly communicate with me, stop all eviction processes, provide me with suitable office space, promote my businesses/ disk shaped ships on their web site too, stop restricting me from taxi ways, test engine runup areas, conducting scheduled flights, and unmanned eVTOL test-flights form my manned spaceships and booster packages, while also compensating me for my finical losses.

However they have not only refused to engage in such efforts with me, but also opted to ignore the local FAA administrator Mr. Mike Matz, Colorado State Engineer / Compliance Specialist, FAA Denver Airports District Office 26805 E. 68th Ave., Suite 224, Denver, CO 80249, (303) 342-1251, Michael B (FAA)" <michael.b.matz@faa.gov>; efforts to conduct a title 14. Part 13, informal investigation, as properly notified and initiated on my behalf, as per the above cited law / Title 14 part13 guidelines and now seek to negatively impact me further out of retaliation actions by locking me out of my storage unit and threatening to destroy all of my property, therefore it looks like there is no prospect for a timely resolution.

Therefore I am forced to elevate this conflict between us into the FAA departments SUBCHAPTER B - PROCEDURAL RULES. PART 16 INVESTIGATIVE AND ENFORCEMENT PROCEDURES conflict resolution timeline protocol hands, so please respect their posted timeline for investigating and resolving this event and drop your demand for possession of my office 10/30-day warning approach until the FAA has investigated my complaint and made a determination/ruling on its outcome.

I regretfully inform you once again, that any further attempt to direct threats or actions to substantially affected / harm me or my storage T31-1e / property, and or, my ability to perform business via the ongoing free and unabated possession of my storage unit, and full access of my sensitive FAA certified airmen training record or airline/ spaceline registration/certification document, as stored in unit T31-1e and other areas, or no ongoing non-admission of my companies decades old existence/contributions at the airport that continual to directly and substantially affected me as a citizen of the US, black/ small businessman based at the Colorado air and spaceport will be considered, and or, treated as retaliation related actions, and will therefore automatically trigger further reports to the FAA of title 14 rules and regulations willful and intentional violations, as now officially reported by me on the 25th of February 2022.

Once again, as was the case of my email to you all concerning the filing of my Title 14, part 13 investigation action a few weeks ago, thanked Jeff Kloska, William Flowers, Lori Hague, Laura Hansen, Glenn Haskin of CASP and Jim Siedlecki of Adams County Government Offices or even Eva J. Henry , Charles Chaz, Tedesco, Emma Pinter Steve O'Dorisio , and Lynn Baca commissioners of Adams County Colorado for your wiliness to follow the Title 14 - Aeronautics and Space.
